

1976 Delphian

New Philadelphia High School
New Philadelphia, Ohio
Volume 63

"March to the beat of a different drum" or "Do your own thing," both are quotes we have heard many times before and both express the same idea — living your own life for yourself, not others. The first quote was written by Henry David Thoreau over 100 years ago, and the other is often heard today. The words have changed, but the meaning is the same. Have the people changed too, or are they still the same? Everyone says, "Do your own thing; live your own life," but how many people really do? Do we live for ourselves, or do we follow the crowd and do what others say is right, conform as the masses have always conformed?

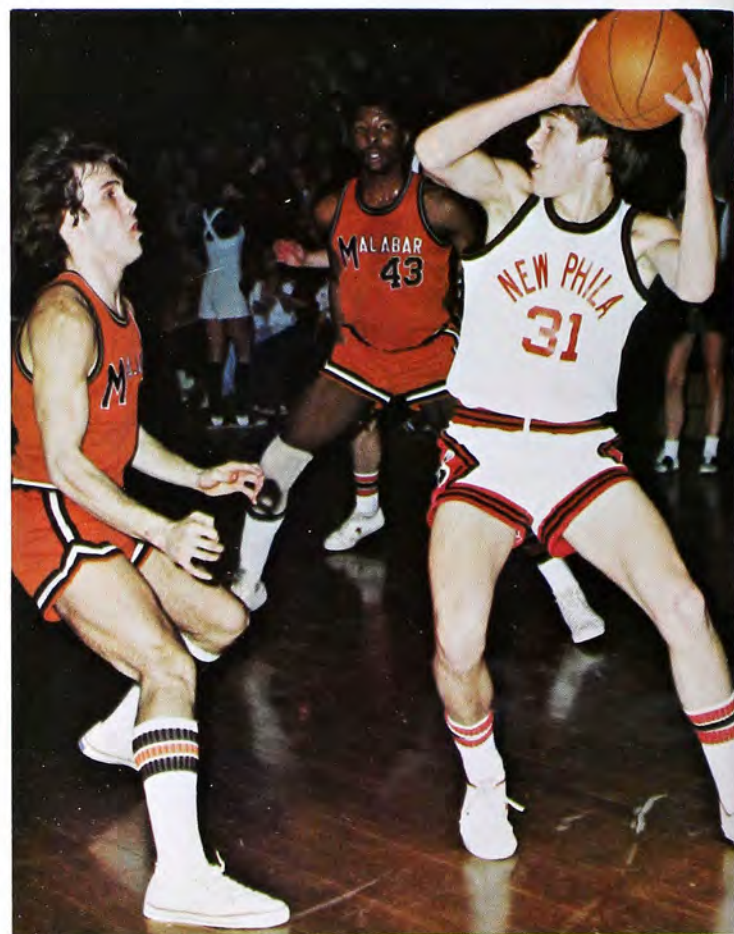

Some things and some people as well will remain constant in the world of apparent change. Nature will always be here and will serve as a form of escape for some. Sports will remain as the drive for some to excell. The need for knowledge will also exist forever, but the manner of aquiring it may change. It may come from books, personal experiences, or other ways, but its need is ever present. Just as we have things which stay the same, we also have things which change. Music and dance have made many revolutions, and at times even revolve back to the old.

The seasons have always gone through revolutions and will continue to do so. Along with the change of the weather comes the change of attitudes and activities.

We are all part of traditions and they play a large role in our lives. One of the oldest and most obvious is the rivalry between Phila and Dover. The week long tradition of activities prior to the football game is an old one, but new traditions have arisen from it. The bonfire is gone, but the parade and community pep rally are here, along with our new mascot "The Duck." The Phila-Dover week tradition is only one of many. Did you ever stop to think why you get dressed up for banquets and dances? This also is part of tradition.

Revolutions In Activities

Traditions, Innovations, Experiences

THE HOMECOMING ATTENDANTS are made up of two sophomores, two juniors and two seniors; the queen being a senior herself. Reigning over this 1975-76 year as homecoming queen is Stacy Davis.

Although the game following the crowning ended in a defeat, the spirit of the occasion was not lost. A dance honoring the queen was held in the gym following the game, adding more to the excitement of the night.

All special events leave lasting memories no matter what the occasion; but when the WINTER FORMAL coincides with Valentine's Day, you know that a spectacular night lies ahead.

It all begins as you walk into the Dover Elks Lodge and hear "Wild Cherry" bring notes and words to life through their music. As you and your escort walk onto the dance floor, the evening begins to stir.

Later as the room begins to crowd and the thermostat rises, couples begin to leave to a late dinner and then home; always remembering the nights in the past and planning for ones in the future.

The week before the PHILA- DOVER WEEK is filled with excitement, fun, and expectation.

Many traditions started long ago are still carried on. Monday leaps into the atmosphere of this "special week" by the red colored clothing of the students. Put with the color black worn on Tuesday, the school's colors are proudly displayed. Wednesday finds everyone's color scheme slightly off balance and the name "crazy day" is well suited.

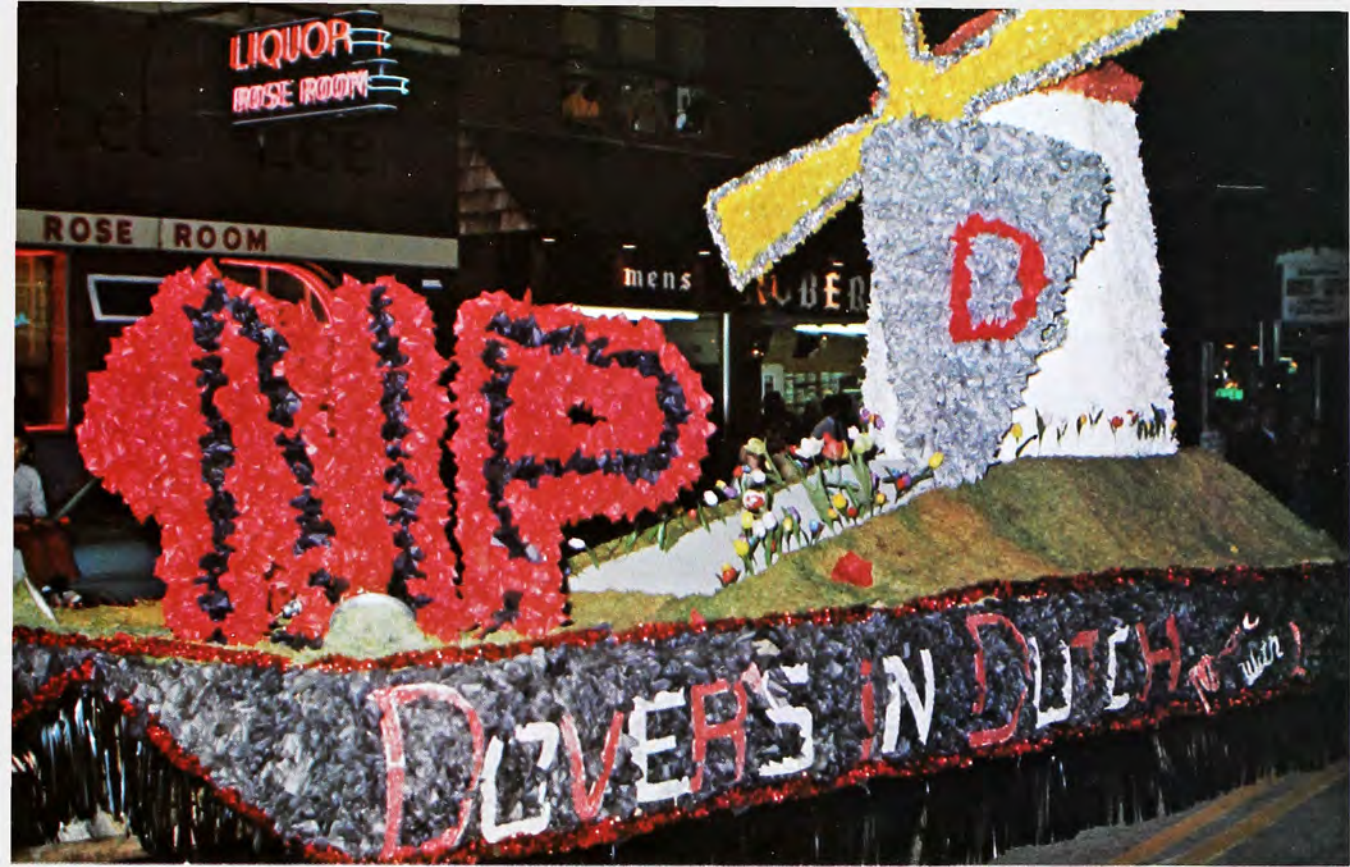

Thursday night is the culmination of activities with a spaghetti dinner, a parade through town of floats made by clubs and classes, and a public pep rally held with the cheers ringing through the gymnasium proving that all are behind our Quaker Team.

Keeping up the morale of the school during this week and the rest of the year, during defeats as well as victories, is the never ending loyalty of the RED and BLACK PACK.

The Pack decorates the hall and locker rooms leaving behind treats of candy, cookies, and cake for the team members.

From performing skits at pep rallies to being guardian angels, the Pack is always present to boost ever higher the spirit of the school.

Music has come of age at New Phila High School. The music department, with band director Mrs. Cheryl Graham and assistant directors, Mr. Jack Schmidt and Mr. Jeff Meyers, offers an excellent program. Band members not only learned the important language of music, but shared much fun and even grew a little as individuals.

This was the most spectacular season ever for the MARCHING QUAKERS — practicing long and tiring hours for style and precision. Led by the sensational first year Field Commander Karen Wulff and assistant Brenda Ruby, and dressed in the new colonial-style uniforms, the band added color and song to football games and community parades, while also participating in band shows and competitions. The majorettes, flags and rifles looked brilliant when on the field, and polished in the gymnasium, where they, along with the field commanders, performed twice during the basketball season.

The success of the band was not only community wide. The name of the NPHS band is now known around the state. In the first competition of the season, the Ohio State Fair, the band was unsuccessful, but this first disappointment was also the last. They went on to win at least one award in each remaining competition, finally, hosting the first annual field and parade competition at New Phila.

1

2

Mrs. Graham, 2. Field Commander Karen Wulff, 3. Asst. Field Commander Brenda Ruby.

After a spectacular fall marching season, CONCERT season arrived. Composed of two wind ensembles, separately directed by Mrs. Graham and Mr. Schimdt, these ensembles also combine to form the concert band, where students learn from all three directors. This year, the ensembles participated in district competition, and hosted the district solo and ensemble contest, where New Phila musicians did excellently.

Also, the STAGE BAND was performing during this time. They participated in several jazz festivals, and, combined with the choral department, gave a charmingly authentic "CABARET".

Yet another facet of band, the PEP BAND, played at all home basketball games, not only entertaining their audiences, but spurring Quaker fans.

The band got back in shape toward the end of the year and marched in parade competition at Alliance, two local parades, and the Bicentennial Parade competition in Indianapolis, Indiana. The New Phila Quakers were chosen by the Jaycees as the only band from Ohio, to compete against the top band from every other state, showing how far they have progressed in the music world.

Under its new director, Mr. Torence Baker, CHOIR became a serious study of music, while still retaining its enjoyment. Soloists attended the district competition, practices were held looking toward full choir competitions, the splendiferous spring musical was produced, and extremely successful concerts were given; an abundance of work, but a profuse amount of excitement, experience, learning, and pleasure.

For those students in the music program, and for anyone who had the opportunity to hear them, it was a most rewarding year. This year's making of melody and music will not be forgotten.

MAME

The New Phila drama department has established a tradition of fine productions and the 1975-76 year was no exception. Under new advisor Ms. Lynn Tschudy, the DRAMA CLUB organized and successfully produced the touching drama FLOWERS FOR ALGERNON, an evening of innovative ONE-ACT PLAYS, and the smashing musical MAME.

Each production captured the viewers' attention and held it steadfastly throughout. The actors, dancers and stage crews are all to be greatly thanked for the enjoyment they made possible for us, the audience.

Drama

The date is May 15, the time is 8:00 p.m. and as you and your date enter into the gym the atmosphere of the PROM surrounds you. The theme, "One of These Nights", holds true as this night becomes one of those precious few. But the night has only begun; next in line is the post prom, and then to a movie or bowling. It is now 6:30 a.m. and before you go home you stop for an early breakfast. The night has suddenly vanished leaving behind only its memory.

But memories are not only developed from special events

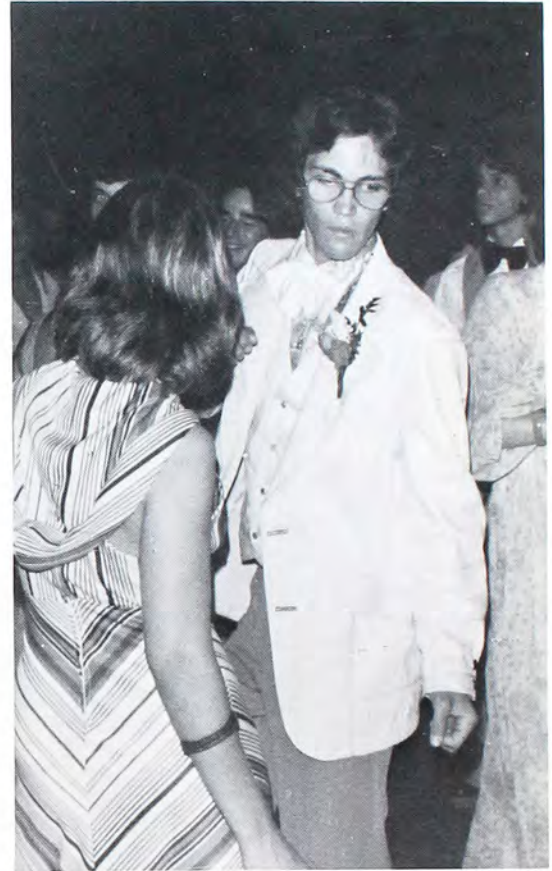

but also from special people the SENIOR BANQUET commemorates some seniors with special gifts. And to make sure that the 1976 seniors are not forgotten, their will is read telling what each leaves behind to the class of '77.

Now that the music has stopped, friends made and exams passed, each senior has a minute to think. Solving the problems of today, contemplating those of tomorrow. Remembering the friends, teachers and activities of NPHS. The memories of today bringing happiness tomorrow.

On a warm June 6, the GRADUATION of the 1976 seniors took place. Anxious blue and white filed in and co-valedictorian Laura Murphy began the Graduation exercises. Following her were five Honorary Graduate Speakers. They were: Keith Blackwell, Steve Haynes, Julie Shilling, Lynn Bryce, and Josh Pappert. Concluding the speeches was co-valedictorian Karen Wulff. Next was the presentation of diplomas and the benediction. Where there was anxiety, there is now anticipation, for today and for the future.

Student Council

Education is a major part of our lives. In everything we do, everyone we meet, and everywhere we go there is some new knowledge to be obtained.

Those students who are interested in learning about nature and the environment join the ECOLOGY CLUB. This club works for the beautification of our community. Members are also chosen to spend a week counseling groups of sixth grade students at Camp Muskingum, helping them to learn about nature, our world, and each other.

As an extra-curricular activity, the SCIENCE CLUB devotes its time to projects related to scientific fields. Members enjoy themselves at meetings and on a field trip to the Planetarium where they learn while having a pleasurable time.

FRENCH CLUB, GERMAN CLUB, LATIN CLUB, and SPANISH CLUB all took students across the ages and the continents, showing them the beauty of the whole world. Through meetings, parties, and field trips, students learned to understand others' ways and customs, and recognize the importance of communication among men.

In and after school, through adolescence and adulthood, learning is as inherent in our lives as breathing.

To truly live, one must learn from others and in return pass this knowledge on; asking in exchange only friendship and happiness.

FUTURE TEACHERS OF AMERICA is a club whose main function is to help those with special needs. They do this by tutoring at grade schools in the New Philadelphia school district. Helping those with academic problems to learn and understand as much as each is capable of. While they are teaching, they are also learning.

The FOREIGN STUDENTS now living and attending school here are also both teachers and pupils. They are teaching us some of their customs and philosophies, while they are learning our language and lifestyle.

The Co Van Chau familys' present condition was decided on August 17th, 1975, when the members of the Emmanuel Lutheran Church voted by a strong majority to sponsor the resettling of a Vietnamese refugee family.

The Chau family, originally of Saigon, first evacuated to Hong Kong. On this trip, many were killed and the survivors were left without food and water for three days. A Scandinavian shop picked them up and transported them the rest of the way to Hong Kong.

From there, they were flown to Arkansas, and then finally to New Philadelphia, Ohio, where they now live.

The members of the family are their nephew, Thanh Dinh Hoang, 16; and children Huu Loan, 15; Dung Tren, 14; Thanh Loan, 8; Mai Loan, 6; Boa Loan, 2.

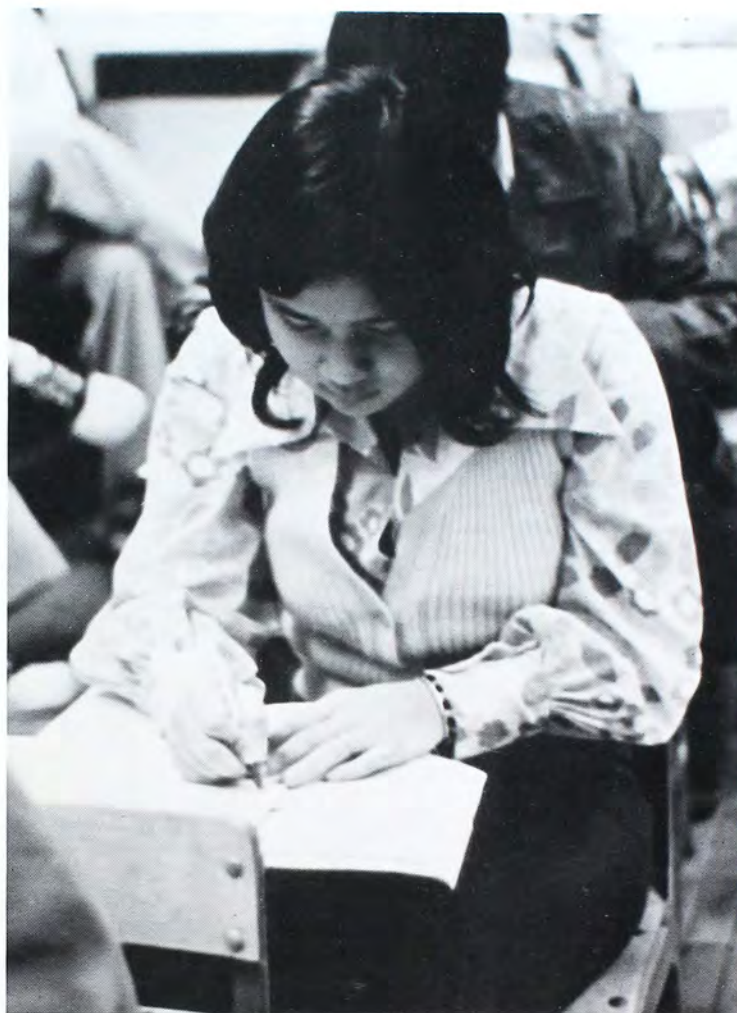

These students are also enjoying new friends, customs, and activities.

TRI-HI-Y was developed to help others and to enjoy the happiness of being together. They sponsor a "big sister" activity in which they spend time with a smaller child who is less fortunate than they. They give a Sunday service at the Intensive Care Unit at Union Hospital once a month, and they go caroling at nursing homes at Christmas. The Winter Formal and Sweater Hop are also sponsored by this club. It's members are from both Dover and New Phila, and they work together to help others enjoy life a little more.

Chess

Ambitions for the future are discovered and the laws, policies, and standards for each chosen ambition are learned from books, and lectures. But where educators leave off, learning through experience begins.

YOUNG BUSINESS LEADERS are learning typing, bookkeeping, and filing. They are being taught new and faster methods to accomplish these secretarial duties. But there will be a change next year for the Junior Clerical and Steno classes. They will be going to the J.V.S. program. They will learn to operate new secretarial machines, while still maintaining their present number of clerical classes. They will also have other classes, such as history

and government. Though they will be attending a different school, they will still be New Philadelphia students and will be attending pep rallies and all other activities of this sort at our school.

DISTRIBUTIVE EDUCATION is a club putting into practice the idea "learning by doing." These students go to school half a day with two periods of DE class — learning the right way to approach customers, what to say and how to say it. The rest of the day the students work, ranging in stores from Swartz-Klines to Goshen Dairy. But DE is not the only club preparing students for their future by building up experience.

DISTRIBUTIVE JOB TRAINING is also designated for this purpose. In this

class the students learn about food nutrition and subjects relating to this. Field trips are taken to see, first hand, people performing the same kind of job they may one day hold.

QUAKER INDUSTRIAL ARTS CLUB members work hard on money making projects such as the coat check at basketball games, the garage sale held in April, and the wooden hand crafted name plates used to decorate homes. The club also participates in the Ohio Student-Industrial Arts Club convention held February 27-28. There are contests ranging from the most complete scrapbook to Technical Drafting.

Quaker Industrial Arts Club

The following pages feature Auto Shop, Machine, Mechanics and Welding. The 1975-76 school year was the last year for these programs at New Philadelphia High School. Next year, along with the programs from Dover and Tusky Valley, they will be a part of the \$7,000,000 Joint Vocational School.

In 1955 a \$1,780,000 bond issue was passed, and along with a \$150,000 grant from the Timken Roller Bearing Company was used to build a new addition containing vocational shops and gymnasium, which went into use the 1959-60 school year. Prior to that, all of those facilities had been on the first floor of the main building, where the chemistry labs now are.

Over the years the vocational students have been a somewhat separate part of the school. Most of their day is spent in the vocational area, and they seldom are in classes integrated with business and college bound students. They have had their own activities also, including club parties, many fund-raising projects such as the coat racks and pop machines, educational and enjoyable field trips, and competitions at which they have had the opportunity to demonstrate their skills and abilities in specific areas.

Approximately 70-75 students from each class will transfer to the JVS when they are Juniors, where they will receive two years of special training in their chosen field. In doing so, these students will lose their homeschool identity but will still have the opportunity to be part of all the homeschool's extra-curricular activities such as band, pep club, and the athletics programs.

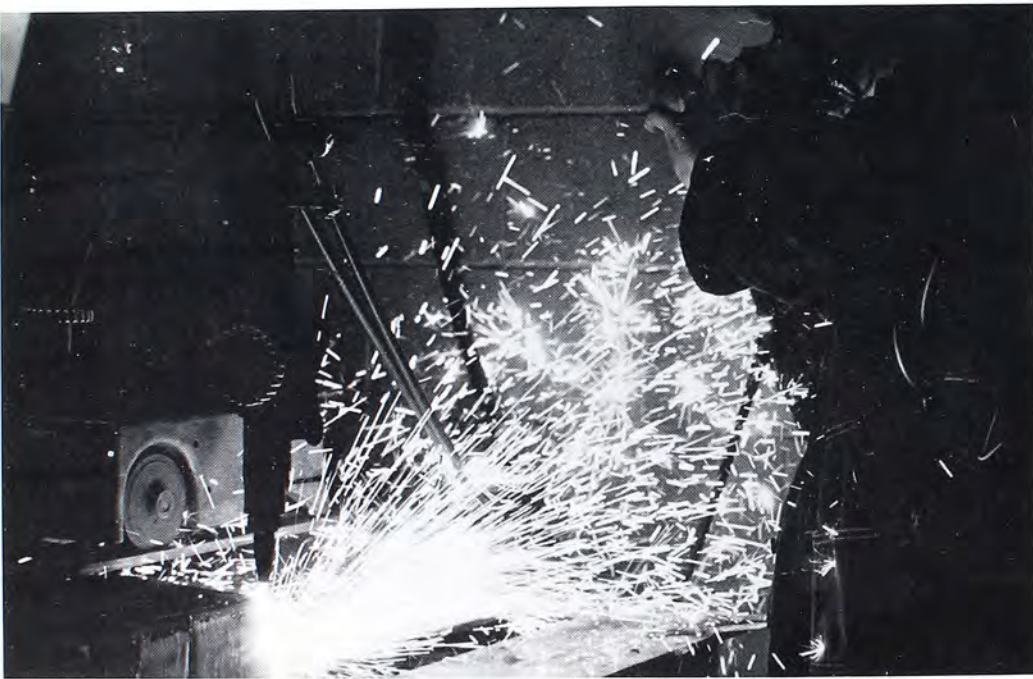

The impact of this change will not be great here at N.P.H.S. since it will not leave a large unbalance of classes or social activities. The

major effect will be the additional space resulting from the move, of both clerical and vocational shops. There were many possibilities of how the space could be used to best advantage. Most widely discussed were the ideas of changing the vocational area into an extra physical education facility to accommodate such programs as wrestling and girls' athletics which formerly had to utilize the gradeschool gymnasiums, and the concept of making the space into an expansive art department, equipped with tools and necessities which the department now lacks. Last January, the board made the final decision to turn the clerical rooms into a much needed Jr. High library, since the present library can only accommodate 132 students, while combined Jr. and Sr. Highs represent some 2,000. As for the shop area, it will be remodeled into a gymnasium addition where physical education classrooms can be held. The approximate cost of the entire remodeling will be around \$54,000.

As for the impact on those students who are leaving N.P.H.S. things should be very different. No students will take second place academically to college-bound ones, but all will be surrounded by fellow students with much in common, largely headed towards the same general direction. The study and work atmosphere should be excellent and hopefully all students will benefit tremendously.

While the homeschool will be gaining room for expansion, the J.V.S. students will also be gaining room for expansion. Expansion of their skills and knowledge, and expansion of their opportunities for future life. For be it high school or vocational school, all are being prepared to build a life and a future for themselves in a modern, ever-changing world.

We, the Delphian Staff of this 1975-1976 Yearbook, have tried to the best of our ability to accurately record the events occurring in New Philadelphia High School this year.

The photographers have experimented with new ideas on lighting and composition to capture the true atmosphere of this school year.

The editors and their assistants have tried new layout styles, and discovered new aggravations; hoping in the end that they made the right choices.

The business staff has worked selling adds and books throughout the year. They have gone to many of the businesses throughout the city in all types of weather to raise money.

This book will be a success only if in the future, when looking back through its pages, the memories of the events, the acquaintances, and the experiences here come alive again.

"There are seasons in human affairs, of inward and outward revolution, when new depths seem to be broken up in the soul, when new wants are unfolded in multitudes, and a new and undefined good is thirsted for."

-William Channing-

There are times when a person feels a strong urge to really express himself; when changes begin to develop within his mind. These expressions can be brought about in speaking, drawing and writing. These are all a part of an individual. The way in which he expresses himself are truly shown in his actions and the words he uses.

Revolutions have been made since time began. Advances have come about in Science, Language, Music and Art. These advances have changed with thoughts and ideas; in hopes of reaching unattainable goals, achieving things which were never thought possible before. The new wants that are thirsted for are for life to give us some type of meaning; for us to progress in life and benefit a new generation.

"Would you realize what Revolution is, call it Progress; and would you realize what Progress is, call it Tomorrow."

Revolutions In Coaching Staff Bring New People, With New Ideas

Every year brings new people, with new ideas into Phila coaching jobs. 1976 was no exception! It made for an exciting year to see how the new coaches would fare in their new jobs.

Win or lose NPHS fans thank these new people for giving their time and knowledge to benefit the student athletes of NPHS.

Seven out of the eleven athletic organizations had new coaches. All three girls sports had new coaches. Carol Rothel headed the volleyball team. Patty Beaber moved from head Jr. High coach to head coach of the girls track team. Denny Edwards coached the girls basketball team. Two former assistant coaches rose to head coaching positions. Jim Roman was Phila's football coach and Jim Thompson lead the Quaker basketball squad. Doug Coutts was our new wrestling coach and Tim Andreas coached the tennis team. Both were newcomers to NPHS. Pat Klopher was another new face. She advised the Sr. High cheerleaders.

Reflections On Revolutions In Athletics

The 1975-76 NPHS Sports Season represents a total record of 47-83-2. Within the season the team collected 2 Cardinal Conference championships, 1 Cardinal Conference team member, 3 Sectional Championships, 3 District qualifiers, and 1 team qualifying, 1 State qualifying, and 1 tied school record. Although not a very impressive overall record, there were many fine individual and team performances. In both regular and girls' sports, Phila athletes have distinguished themselves.

Volleyball continues to be a sport where Phila girls tend to excel. New head coach Carol Rothel lead them to an 8-4 regular season record, and a Sectional championship. Best receiver and Most Valuable Player was Deb Robinson. Julie Milarcik was named best server. Phila fans can always look forward to a great Volleyball team. Phila girls excel not only in volleyball but also in track.

New coach Patty Beaver headed Girl's track team in a winning direction for '76. Fine individual performances were seen much more than in past years. The County's All-Star meet saw Sally Tucker taking 1st in the high jump while Andrea Marsh placed 3rd in the long jump and 1st in the 100 yd. dash. Phila's 880-relay team (Andrea Marsh, Desiree Richmond, Julie Crites) won 1st in that event, also qualifying them for the State Meet. Congratulations girls and Coach Beaver on a fine season.

Denny Edwards joined coaches Beaver and Rothel as new faces on the girl's sport scene.

Girl's Basketball team posted a 5-7 regular season record. Led by M.V.P. Tamie Bair who averaged 21.6 pts. per game, the girl's season was marked by change. With new head coach Denny Edwards came hard work, determination, discipline and long awaited success. With efforts directed toward tournament success the girls took the first game in the sectionals before losing their second. Edwards, the first male coach of a girl's team, led the girls to improvement through the season. Having lost two close ones to Dover in regular season, they beat Dover in tournament action.

The regular sports season opened in the fall with Cross Country. The 1975 New Phila Cross Country team finished with a fine record of eleven wins against only four losses. The squad will have five of its seven lettermen returning this year, and the athletes have set high goals for the '76 season. The highlights of this past season came in consecutive meets against Wooster and Carrollton. First, the Quakers defeated Wooster for the first time in five years. And then two days later they came back to defeat Carrollton, who suffered only one other dual meet loss in having a 16-2 seasonal record and going to the state meet. Junior Tab Huff and Senior Jeff Gold led the squad most of the season, and at the Fall Sports Banquet Gold received the Most Valuable Senior

award. The other special award given at the banquet. Most Improved Runner went to Junior Kelly Dutton. Cross Country shares the fall season with Varsity Golf as well.

With a final 31-6-1 record, the Quaker golfers displayed a brilliant season. Capturing the "AAA" Sectional title, the 15 Team Autumn Classic and a 3rd in the Dover Invitational. Capt. Jeff Tedrow was awarded his 3rd letter and Gary Miller tied the school's 9 hole record with a 32. During the season Coach Kaserman was given his 100th varsity win, the first ever in Phila. The reserves also presented a fine season with a 21-4 record.

But what fall Friday night would be complete without football? Although 1976 was a rebuilding year for the New Phila football team, the Quakers pulled together and came up with a winning season. The squad's overall record was 6-4, and a 5-1 Cardinal Conference showing gained a CC Co-Championship with Dover. The Quaker defense was the strong point of the team as it allowed only 51 points the whole season. Also, in 7 Conference games, only one squad scored on New Phila's defensive unit. Josh Rapport led defense with 83 tackles for the season. On offense Matt Incarnato scored a team-high 24 points. He and Gene Penso led in pass receiving, while Ken Stiffler and Jerry Brown had the most yards rushing. There are many returning lettermen which should help give Phila another good season in '76.

When the season turns to winter, the fans turn to basketball. The Quaker cagers turned out a disappointing 1-18 season. There were fine individual efforts but they lacked consistency, and as a result the squad had a tough time getting everything together. Outside shooting was the team's biggest asset, but a lack of inside height offset it. Initial losses caused a lack of winning confidence in the players. In addition, change of systems in the middle of the season gave the Quakers a late start. Jim Thompson became Head Coach after the interim resignation of coach Stoffer. Awards were given to Senior Randy Limbacher for being the squad's top rebounder and defensive man, and being voted Most Valuable Player. Shooting percentage awards went to Bill Martin for free throws and Gene Penso for field goals. In the same season the Reserve team produced a winning record of 11-7 under Coach Larry Chaney. With the experience gained, the Quaker roundballers are hopeful of a successful season next year.

This season was one of rebuilding not only for basketball but also for the Quaker wrestlers as they won only one match in ten dual outings. The squad, under their Head Coach Doug Coutts, had only two senior members and as a result many underclassmen gained valuable experience. A total of six sophomores and eight juniors lettered giving the Quakers good hopes for success in the

future. The New Phila Matmen gave their best performance of the season at the Sectional in Steubenville. The Quakers finished a fine fourth of seven squads and three individuals qualified for district competition. They were Sophomore Mitch Drumm, Junior Bruce Bernard, and Senior Rick Stilgenbauer. At the Winter Sports Banquet Stilgenbauer was awarded the Most Outstanding Wrestler and Mr. Takedown, while Bernard received the Mr. Pin trophy.

Spring brings outdoor sports, and the NPHS Tennis Team completed its season with a 6-17 record. Although not a very impressive record, first year coach Tom Andreas comments that the season could be called a success. The team played good tennis against many good teams. With a good showing at the Districts, Steve Beans advanced into the 4th round while Bruce Romig and the No. 1 doubles team of Steve Stocker and Rick Sheaffer ended up in the 3rd round. This is the farthest New Phila has ever gotten. Success marked not only the Tennis season but also the Quaker Track Season.

The 1976 Quaker Track Team got a slow start but finished impressively under Head Coach Burt Beaver. The squad lost its first dual contests in two years in compiling a 4-2 record in head-to-head meets. In all three Mini-Relays New Phila finished close behind in the runner up spot. The Quakers also finished a fine second in the Dover Single Entry Meet. The highlights of the team's season came in its last two meets of the year: Sectionals and Cardinal Conference. In the Sectional Meet, New Phila triumphed for the third consecutive year and sent thirteen tracksters to the district event. The greatest achievement of the season came at the Cardinal Conference Meet. The Quakers prevailed in the seven team field and in so doing gained New Phila's first Cardinal Conference Championship in Track and Field. At the Spring Athletic Banquet, Dude McGarry received the annual Dave Milburn Scholarship. He was also awarded for being the Most Valuable to the squad and for setting a new school record in the 180 yard low hurdles. Another schoolmark was broken this season by 880 yard relay team of Ken Stiffler, Jerry Brown, Matt Incarnato and Dude McGarry.

Baseball completes the spring schedule. With a new starting line up, coach Watson and his team came up with a final 5-14-1 season. Jim Harding being the only returning letterman, the team was comprised of inexperience. Harding was awarded top pitcher with an even record of 4-4. Larry Trunk received top honor of Outstanding hitter with an average in regular season of .371 and in the Conference .486. Trunk also was named top Defensive man and elected to the C.C. team. Eric Stoner received Outstanding hitter also with an average of .372.

New Faces, New Friendships

The Class Of 1976

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of Light, it was the season of Darkness, it was the spring of hope, it was the winter of despair, we had everything, we had nothing behind us, we were all going direct to Heaven, we were all going direct the other way . . ."

— Charles Dickens —

The class of 1976 has survived 13 years of revolutions. Revolutions in music, politics, education and fads in clothing. Many of us will be going to college, some of us will be getting married and a few of us will be joining the armed forces.

As each of us go our separate ways we will always remember the years we spent in the New Philadelphia School System.

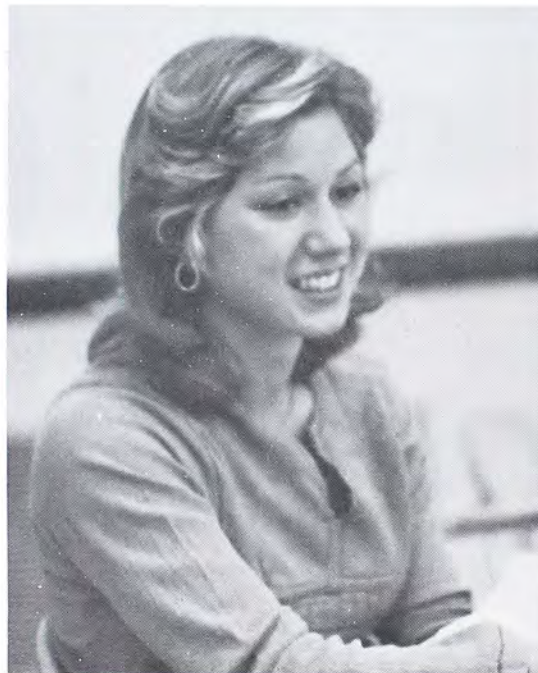

Remember in kindergarten when the rage for girls was petti-pants and peddle pushers, and guys wore high water jeans and penny loafers. In the third grade you advanced to more civilized clothing, go-go boots and fish net hose. By the seventh grade most of the girls were allowed to start wearing hose, mini-skirts and the ultimate in make-up. The ninth grade fad was the mini, the midi, and the maxi. Guys that were on the basketball team were also introduced to a tie. The fads of the mid-seventies were skirts down to the knees, argile socks and platform shoes. Have you ever watched anyone try to walk in platform shoes?

Teachers even changed. In kindergarten and first grade the teachers were the disciplinarian type. Most kids were used to their mommies smacking their fingers, but grade school teachers used rulers to get their point across. When you finally advanced to Junior High, the "board" was used to enforce discipline. By the time you were in the Senior High you had outgrown "the board." They would keep you after school, or for really drastic measures — suspension.

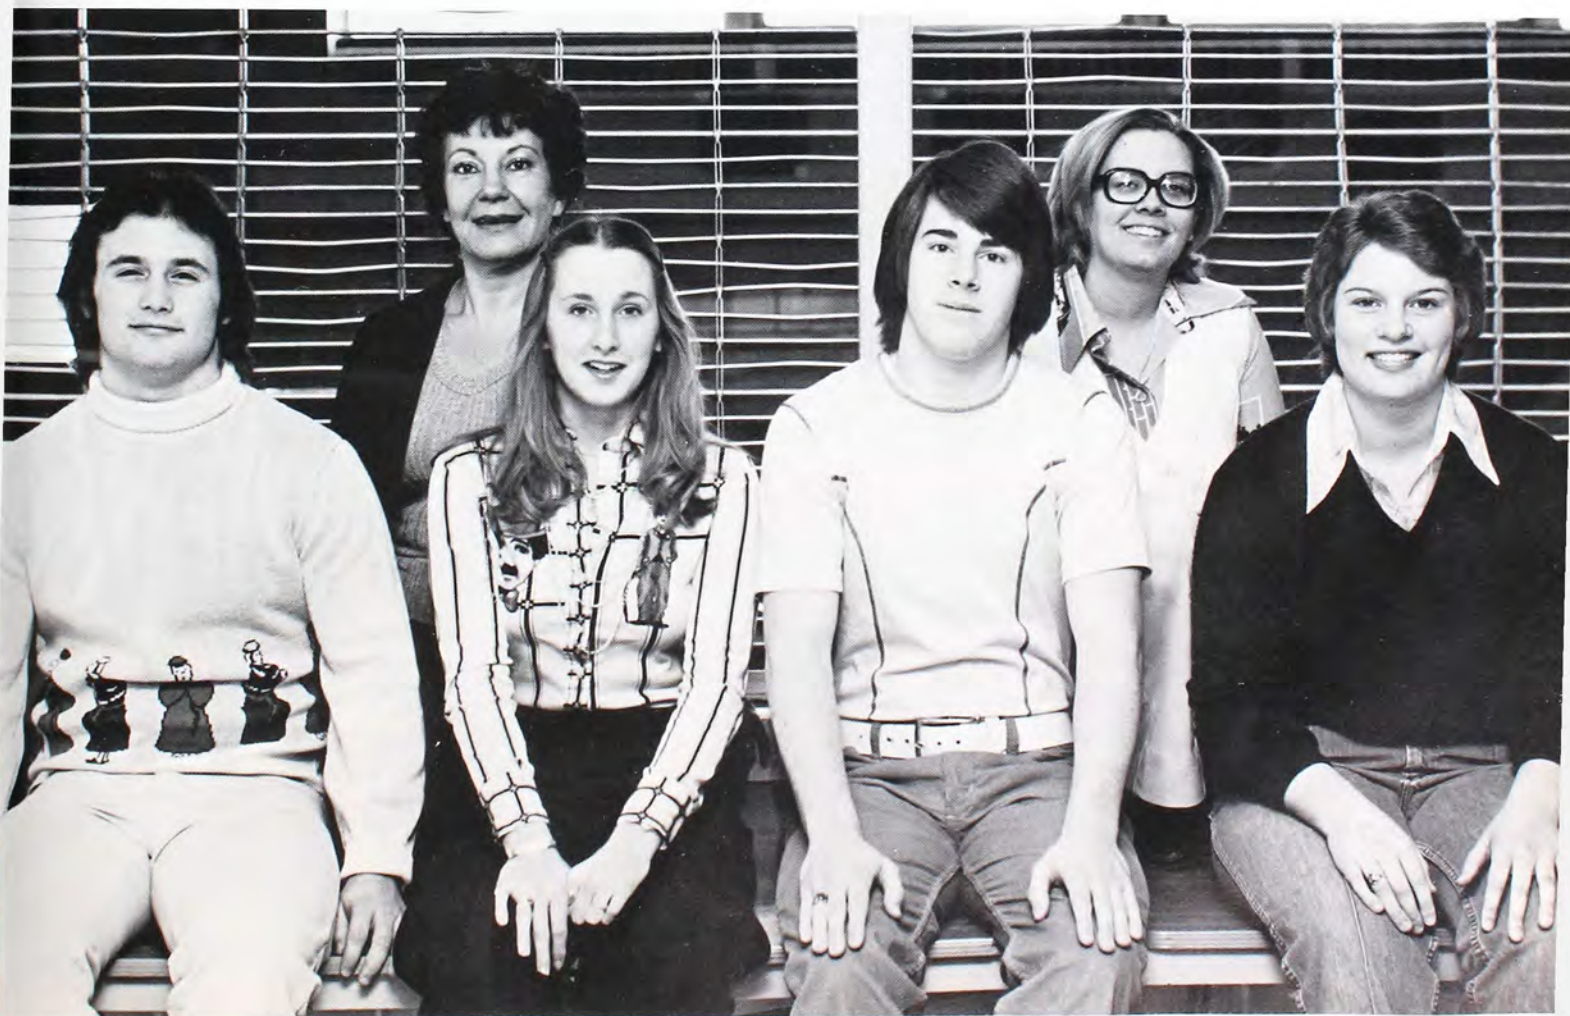

Music had changed from the styles of Rock and Roll, made famous by the Beatles and the Monkeys, to the rhythm and blues of the southern states. Songs famous in the sixties were: "Itsy Bitsy, Teenie Weeney Yellow Polka Dot Bikini", "Alle Oop Oop", "She Loves Me Ya, Ya, Ya", "We All Live In A Yellow Submarine", and "Crystal Blue Persuasion." Songs that were and are hits in the seventies are: "Nights on Broadway", "Theme from Mahogany", to the brand new styles "Convoy," about truck drivers talking on C.B.'s.

Youth's attitudes toward world affairs also changed over the years. With the assassination of President Kennedy in 1963, Martin Luther King in 1968, and the Vietnam conflict, college demonstrations were at their peak in the 60's. The Kent State shootings brought demonstrations, and colleges into the limelight of the world. The press came on to the scene, and yellow journalism fanned the flame of youthful opinions in all areas. The 1972 Olympics aroused our sympathies for the murdered athletes; the Watergate affair and Nixon's subsequent resignation stunned the world.

We have seen all of these things; we have experienced all of these things; we are the children of change.

Dear Readers,

This has been a year of changes and revolutions. This year has also been a very memorable one for us, working hard to get pictures of those special activities and striving to meet our deadlines, but working together and growing a little from it. We hope that you've enjoyed our 1976 Delphian and will continue to do so for many years to come, and that through our book you will be able to relive many of those special moments of this year.

We would like to give a special thanks to the following people for helping us to make this book happen:

Lori Fischio
Mr. Orlan Miller
Mr. Art Mitchell of Mitchell
Studios
Mr. Robert VanSickle

The 1976 Delphian Staff

Editor	Julie Shilling
Academics	Karen Keatley

	Lolly McCartney
	Doug Williams
	Laura Murphy
Typist	Cindy Dague
Advisor	Karen Brennan

The 1976 Delphian is dedicated to
Rosalie J. Stein
March 24, 1958 to November 11,
1973

"He also left a great many loving friends who miss him and think of him often. But, when they think of him, it's not how he died that they remember but, rather, how he *lived* . . . How he *did* live . . ."

William Blinn
